Q&A's

What does a Bicycle Race have to do with Balloons?

The bicyclist goes up in the balloon with their bike strapped to the balloon basket. After the pilot flies for a designated distance or time, they land and let the bicyclist out. The bicyclist then must race back to the Fairgrounds. Whatever team makes it back first wins.

Has this ever been done before?

Yes, it was done years ago at the balloon festival in Bloomsbury and last year for the first time at the Fair.

How do I sign up?
